High performance  
with a wide range of  
solutions and options.

### Product Description

The Bizerba XC 100 counter scale combines all essential retail activities: weighing, transaction handling, printing and providing advice as well as displaying promotional messages and cross selling.

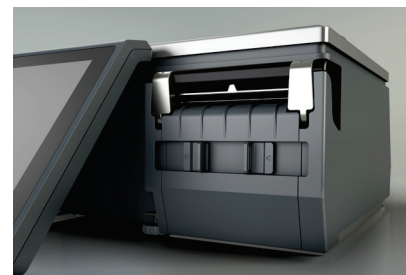

The open PC platform offers sufficient capacity to cope with new features or customer-specific requirements in the future. Even the use of 3rd-party software presents no problems. The 'all-purpose' printer is unique to the market and can perform every conceivable printing task that can be required of a weighing device. Furthermore, replacing the paper roll is a very brief and intuitive process, and daily cleaning of the scale can be carried out quickly and easily. This is supported by each scale's compact design, the easy clean surface of the housing and the newly developed, frameless easy clean display.

XC 100

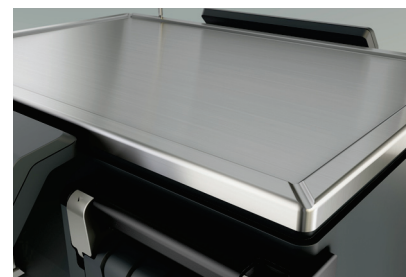

### Highlights

- Easy clean for quick and easy cleaning of the scale
  - surface: problem free removal of stray labels
  - displays: frameless for maximum cleaning efficiency
